

Sweden Coffee Table

This coffee table is an essential addition to your outdoor lounge area. It is designed to meet the functional needs of your patio, poolside, or garden. With its appropriate dimensions, the table is ideal for holding drinks, books, or other essentials while you enjoy your time outdoors.

The table focuses on durability, utilizing 100% solid teak wood. Teak is known for its strength and natural oil content, making it a reliable material against moisture and weather changes. The natural finish highlights the simple beauty of the wood grain, lending a warm touch to your outdoor setting.

The design adopts a clean, classic style. The slatted tabletop is a practical detail that allows rainwater to drain easily, simplifying maintenance. With stable legs, this table is a long-term investment that will enhance your garden sofa set, creating an elegant and functional coffee table area ready for various conditions.
